

OutdoorElements

Summer 2003

•OE has moved premises in Melbourne, we have increased our factory size to over 1000m². If you have not seen our new premises please call Doug Sinclair (0438 306 315) to arrange a visit.

•Myer Christmas Windows
We recently completed the installation of Xmas graphics for both sides of the Myer pedestrian bridge in Little Bourke Street just in time for the Xmas window opening.

•Ken Morgan – KIA Moorabbin.
One of our traditional style flexface lightboxes was used for the new KIA showroom in Moorabbin 12.5m wide.

•OE has supplied and installed the first batch of Menu Boards (using our “slim line” lightboxes) for the new KFC store at the new Queen Victoria complex.

•OE has manufactured and installed the unique “Linear Flare” lighting System for the first of eight stores for the SSI Group in Brisbane. Should you have any queries about lighting solutions please call Jason Kerr (0418 346 315).

•Our metal work division has been manufacturing a range of freestanding signage over the winter months in preparation for the festive season. If you would like a brochure and price list of our signage please call Timothy Lakeman on 0409 346 315.
